

The Matrix Educational Foundation's
Matrix School of Management Studies
Pune

Title of the Activity:	4 th Dimension Lecture Series, Online session on AI & its implementation in the Business World
Day & Date:	Saturday 06-04-2024.
Category of Activity:	Curricular / Co-curricular / Extra-curricular activity / Social
Organized Under:	IQAC, NDLI & 4th Dimension Lecture Series
Objectives:	To understand AI and its implementation in the business world. To update students about various AI tools.
Level:	Institute / City / State / National / International
Name, Organization and Designation of Expert	Mr Gaurav Gandhi, Business Consultant & Trainer in Data Analytics and AI.
Number of students benefitted	107
Summary report:	Mr Gaurav Gandhi conducted online session on AI and its implementation in business world on 06/04/2024 at 11 AM. In the beginning Mr Gaurav explained students that Artificial intelligence (AI) applications are software programs that use AI techniques to perform specific tasks which can be simple repetitive tasks or complex cognitive tasks that require human-like intelligence. He said that AI is playing an increasingly important role in business world. AI-powered tools can help businesses collect, analyze, and visualize data more efficiently and effectively at low costs. Mr Gandhi updated the students that AI in finance helps to detect fraud, manage risk, and make effective investment decisions, in retail AI is used to personalize the shopping experience and recommend products to customers. While in transportation AI is helping in the development of self-driving cars. Mr Gaurav answered the questions of the students at the end of his session.
Outcome:	The students understood implementation and benefits of AI tools in the business world.

Dear Sir,

Greetings from Matrix School of Management Studies, Pune!!!

About Matrix School of Management Studies:

The Matrix Educational Foundation established the Matrix School of Management Studies in the year 2010. Matrix Educational Foundation is one of the most promising names in the field of management education providing sincere, focused and reliable young managers to the corporate world according to their criteria, this has been the Institute's constant dictum.

The **Founder Secretary Dr. Mrs. Shilpa R. Kulkarni** is a versatile entrepreneur who is a totally focused, committed and result oriented lady heading the organization. The Matrix School of Management Studies offers MBA.

Director Prof. (Dr) Satish S. Ubale believes in delivering quality Management education with "Excellence and Values" as guiding principles. His goal is to make Matrix School of Management studies a B-School of generative ideas.

Matrix believes in imparting quality education and knowledge upliftment of students. "**4th Dimension Lecture Series**" is one of the facets of it. In continuation to this we invite you as a **Guest Speaker on "AI and its implementation in the business world" on 06th April 2024 at 11.00 AM on Zoom platform.** You will be allotted 60 minutes for the online session. We will share the zoom link on 05-04-2024.

Kindly mail us your short CV and photo.

Looking forward to your cooperation.

Thanks & Regards

“AI & Its Implementation in the Business World”

Resource Person

Mr. Gaurav Gandhi

06th Apr' 2024

11:00 AM

**Business Consultant and Trainer
in Data Analytics & AI**

Trainer Name: Gaurav Gandhi

About: A Pune Based Business Consultant and Accomplished Trainer in Data Analytics & AI.

Website: <https://gaurav-gandhi.in>

Linkedin Profile: <https://www.linkedin.com/in/iamgauravgandhi>

In today's dynamic and fast-paced business world, professionals like Gaurav Gandhi emerge as pioneers of transformation and enlightenment. With over a decade of diverse industry experience, Gaurav has risen through the ranks of various senior management positions before finding his true calling as a Business Consultant. His expertise primarily revolves around aiding startups in scaling their operations and enhancing efficiency through the implementation of data-driven decision-making strategies. Gaurav's commitment to knowledge dissemination is underscored by his remarkable achievement of training over 5000 individuals in a wide array of data analytics tools, including Excel, Power BI, Tableau, Google Sheets, and Google Data Studio. Furthermore, his recent engagement in guiding individuals to harness AI tools, including ChatGPT, highlights his unwavering dedication to enhancing productivity in the digital era.

Gaurav Gandhi's transition into the realm of business consulting was a strategic pivot, catalyzed by his extensive experience across various corporate entities. Drawing upon his wealth of knowledge, he discerned the pivotal role data-driven decision-making processes play in unlocking an organization's growth potential. As a Business Consultant, Gaurav specializes in pinpointing data-centric solutions and offering bespoke strategic counsel tailored to the unique needs of each enterprise.

A defining accomplishment in Gaurav's career is his dedication to nurturing and mentoring aspiring professionals. His impact is best quantified by the impressive feat of having trained over 5000 individuals in the sphere of data analytics. Gaurav's training encompasses an array of indispensable tools, ranging from the ubiquitous Excel to more sophisticated platforms like Power BI and Tableau. Additionally, his proficiency extends to cloud-based data analysis through Google Sheets and Google Data Studio. Gaurav's training programs not only impart the skills needed to make informed decisions based on data but also empower individuals to contribute to organizational success.

Moreover, Gaurav has been recognized by various educational institutions and corporate organizations for his insightful workshops and training sessions. His ability to effectively communicate complex concepts and make them accessible to a broad audience has earned him the trust and respect of these establishments. Gaurav's workshops offer a practical, hands-on approach to mastering data analytics tools, enabling participants to apply their learning in real-world scenarios. His pedagogical approach, enriched by real-world case studies, equips learners with the competencies required to excel in an increasingly data-driven world.

In recent years, Gaurav has extended his purview to encompass the boundless potential of AI tools, including ChatGPT. These technological innovations have revolutionized the way we conduct business, communicate, and make decisions. Gaurav's mission is to demystify complex AI technologies and enable individuals and organizations to harness them effectively for productivity enhancement. As an ardent advocate for AI, Gaurav's guidance on the practical application of AI tools like ChatGPT to streamline workflows and elevate productivity is invaluable in the contemporary, fast-paced business landscape.

Gaurav Gandhi's unique confluence of extensive professional experience, consulting acumen, and a deep-seated commitment to education positions him as an exceptional candidate for any organization seeking to elevate its data-driven decision-making capabilities. His comprehensive approach to training, spanning fundamental data analytics tools to cutting-edge AI technologies, equips individuals with the knowledge and proficiencies needed to thrive in an era characterized by data centrality.

Gaurav Gandhi's journey from a seasoned corporate professional to a visionary business consultant and a dedicated trainer exemplifies his dedication to personal and professional advancement. His impact is palpable through the thousands of individuals he has nurtured and the numerous academic and corporate institutions that have acknowledged his expertise. Gaurav's recent endeavor to guide individuals in the effective utilization of AI tools underscores his forward-thinking approach, ensuring he remains at the forefront of the ever-evolving technological landscape.

If your organization seeks a trainer who can not only educate but also inspire, Gaurav Gandhi stands as an exceptional choice. His narrative, expertise, and unwavering commitment to empowering others through data-driven decision-making and AI tools make him an extraordinary asset for any institution or enterprise striving to maintain a competitive edge in the digital age.
