Summary report:	Dr.Sujata Bolake Madam started the quiz before continue the session and all students interacted and responded. Madam said that, education has long been viewed as a means to attain a better life, including improved employability and financial stability. She told that, many traditional jobs are becoming obsolete, and new roles are being created that require different skill sets. Madam explained that students should work with employers to understand the skills and competencies that are most in demand, and then incorporate these into their curriculums. This will not only help students to develop the skills that are needed for specific careers, but also help employers to identify and recruit individuals who are a good match for their organizations. She said that, students should focus on developing soft skills, such as communication, critical thinking, and problem-solving, which are in high demand in the workforce. End of the session students asked the questions.
Outcome:	Students understood the resume writing and Interview Skills. They learned about networking skills and the importance of punctuality, accountability, integrity, and taking initiative in the workplace.
